SUN BEAMS

by WALTER M. BARRETT

Sportsmen ,businessmen and other residents of this region will be happy to learn that the state fish and game patrol is spending considerable time in the vicinity planting thousands of trout in the numerous lakes and streams. This work shows a sincere desire on the part of the state body to fully cooperate with the sportsmen and local organizations, The fish are all in fine condition and nearly twice the usual planting size, It is nice to think that this program came about as a result of the local interests in sponsoring a move to eliminate and destroy fish enemies, ban violators and as a group to work toward increasing rather than diminishing our great natural assets. By continuing our local work we can anticipate increased cooperation by the state agencies.

Modern merchandising methods, coupled with low prices and good service, are proving their value by the fact that fewer and fewer shoppers are finding it necessary to trade away from home. Our local storemen are alert to the competition offered in other centers and invite your comparison in price, quality and service, They know you will become a trade-at-home fan.

If you are interested in the future development of this region, it will pay you to attend the meeting of the Truckee Outing club at the fire house this evening. There is little use repeating what winter sports means to the district, so it simmers down to the question of whether or not we want them. Your response to the meeting tonight will determine largely whether it will be worth while to continue or if the project shall be permitted to die an unnatural death.

Ideal weather conditions which have prevailed during the past few weeks are resulting in an influx of vacationists and visitors to this area where resort owners and businessmen report increasing activities. The solid front presented by the resort men to make the region more attractive to the visitor is gaining in popularity and as a result the vacationists are accorded a better reception and their wants are completely satisfied.

OUTING CLUB TO HAVE MEETING AT STATION

A meeting of the Truckee Outing Club will be held at the fire house at 7:30 P. M. tonight and all members as well as those interested in the possible development of a winter sports program for the coming season are urged to attend. President Yell Nobles will be in charge of the meeting and committees will report on the progress being made.

Considerable work must be done during the next few weeks if Truckee is to be entered as a winter sports center during the season and there is every indication that the program is desired.

COCA-COLA WORKERS HAVE DONNER PICNIC

Employes of the Truckee Coca-Cola Bottling company and their families assembled at Donner Lake Sunday when W. M. Englehart, Sr., owner of the establishment, was host at a picnic. More than 20 attended and enjoyed the repast. The occasion marked Englehart's birthday which occurred July 14th.

COUNTY GETS $70,000 IN GAS TAX REFUND

SACRAMENTO, July 18 —(U.P.)— Allocation of $24,978,841 from gasoline tax revenues to counties and cities of the state during the fiscal year ended June 30 was announced today by Director of Public Works Frank W. Clark.

Net revenue of the three-cent per gallon gasoline tax was $47,957,683. One third, or $16,652,561, was divided among the 58 counties and an additional one-sixth, amounting to $8,326,280 was earmarked for highway improvements on city streets. The remainder was retained for state highway purposes.

The allocation to Nevada county for the fiscal year was $70,732 and shares allotted to the various cities in the county were Grass Valley, $7,369 and Nevada City, $3,284.

ATTEND TAHOE PARTY

Twelve Truckee women attended the Tahoe Women's Club dessert-bridge last Thursday afternoon. Mrs. Anna Filipcic and Mrs. Vollman won prizes at contract and Mrs. Stanley Martin won the door prize.

Several Injured In Car Mishaps Over Weekend

One Driver Jailed, Second's Bail Set At $500 By Court

TWO GIRLS INJURED

Vehicles Demolished, Speed is Blamed For Two Crashes

One man is serving 90 days in the Placer county jail, another is held on $500 bail and a number of persons were injured in automobile accidents in this district over the week-end.

William Atkinson, 30, Walker Mine, was charged with reckless driving resulting in in injuries and his bail was fixed at $500 by District Attorney Vernon Stoll. The citation followed an accident near Floriston in which James Hager, 30-year-old hitch hiker, was seriously hurt. The new car, said by officers to have been driven at a high rate of speed by Atkinson, left the highway and overturned several times. The car was demolished.

Miss Vera Peterson, 21, and Miss Jenny Needham, 21, both of Vermont, were injured when they were thrown from bicycles on which they were making a cross-country tour near Donner Summit. The young women attempted to hang to the rear of a construction truck and when the latter vehicle made a turn ,they were hurled off, both suffering injuries which will not prove serious.

Alvin Alley, employed at the State Line was sentenced to serve 90 days in the Placer county jail when he appeared before Justice of Peace E. W. Bliss at Tahoe charged with reckless driving resulting in the injury of Helen Baggerstos of Menlo Park, Jean Davis of Oakland and Virgil Johnson of Mississippi, all employed at Globins.

The accident occurred near Robbers' Roost on the Truckee-Tahoe road. Miss Davis and Johnson were badly hurt and taken to the Nevada county hospital when the car left the road and overturned. Officers said the driver had been drinking.

MRS. WALTER LOYND FETED AT SHOWER

A shower of gifts was presented to Mrs. Walter Loynd at the Wyethia Club on Wednesday evening when Mesdames George Pace, E. L. Loynd and R. P. Bick entertained 60 friends in her honor.

The stork motif was carried out in the decorations, tallies and score pads. Contract and auction bridge and Bingo were the diversions of the affair. At contract Mrs. Jasper Archie had high score with Mrs. Antone Filipcic second. At auction Mrs. Andy Oroz was first with Mrs. Jack Wolers taking second honors. Mrs. Eugene Barton won the Bingo game with Mrs. N. F. Dolley second.

Supper was served at the close of the evening.

COUNTY EXHIBIT AT STATE FAIR BIGGER

Truckee, the third largest town in Nevada county and center of outdoor recreational activities, is expected to be represented to greater advantage this year at the California State Fair. The space formerly occupied by Santa Cruz county has been added to the Nevada county exhibit space. The fair will run from August 30 to September 9.

W. W. Esterley of Grass Valley and L. G. Lageson, county agricultural commissioner, will arrange the county display. C. Edmunds of Truckee will be in charge of the interests of the eastern end of the county in regards to the exhibit.

Acts of God are not so frequently responsible for Tahoe National Forest this year as last, according to statistics filed by Central Dispatcher E. M. Stone of Nevada City headquarters, there being only one lightning fire to date as compared to eight for the same period for the last year.

GIOVANNONI-KEHM NUPTIALS PERFORMED AT TRUCKEE CHURCH

Several friends filled the Catholic Church on Sunday, July 14, to witness the nuptial mass which joined Anne Giovannoni and Arthur Kehm, solemnized by Rev. William Daly. The bride was given in marriage by her father, Oreste Giovannoni. Harry Digesti assisted in the ceremony as altar boy.

The bride wore the traditional white satin gown, with a heart shaped cap supporting a veil of net and lace. Her bouquet was formed of roses. Miss Tina Gini, the bride's maid chose a gown of net and lace in aqua blue. A net veil of the same hue was held in place by a garland of folwers, covering her hair and face. She also carried roses.

Robert C. Bowers acted as best man.

Little Carol Deanne Sackett of Woodland was dressed in pink lace with a halo of sweet peas and carried her flower filled basket. Four year-old Bobby Tonini was the ring bearer. The children performed their services in a serious manner.

Angelo Besio and Robert Leamon ushered the guests into the flower banked edifice, lillies trimmed the altar, baskets and vases of carnations and gardenias were used about the church.

An elaborate white tiered cake, topped with a bride and groom centered the bride's table at the wedding supper given at the Donner Hotel with 55 close friends and relatives present. White, broken only by ferns, was chosen for flowers and other decorations.

Mrs. Kehm graduated from the local schools and since completing her course, has continued with a musical education, being an accomplished pianist and organist. She is a native of Italy and an employe of the Sierra Theater Circuit.

The bridegroom is employed by the state highway department and is an operator at the Donner Theater. He came here from Sierraville about four years ago.

The young couple who have been receiving the feliciations of their many friends will remain here and will occupy their new home upon completion on East River street.

JOHN F. COOK MARKS FIFTY YEARS IN K. of P.

Last Friday night the Knights of Pythias, Summit Lodge No. 54, did honor to its first fifty-year member by presenting him with a half-century jewel and card. The veteran knight is John F. Cook, veteran S. P. conductor and a resident of Roseville. Cook joined the local lodge in February, 1890, and has never once been delinquent in his dues, according to Keeper of Records and Seal W. M. Englehart, Sr.

Two others became members of the order at Friday's meeting. They were Dallas Brown of Denvale and Douglas Barrett of Truckee. Following the meeting the members were treated to a Dutch lunch, prepared by W. H. Laity.

LeRoy Wilson was reinstated as a member of the local lodge.

Chancellor Commander Fred Kohler presided at the session.

GAME PATROL GETS UNIFORMS THIS WEEK

The Truckee Junior Game Patrol has received uniforms for its members, according to Secretary-Treasurer Harry Digesti. After a few minor alterations, the uniforms will be ready to wear by the group.

The patrol has been invited to take part in a father and son program at the Truckee Rotary Club meeting on Monday night, Digesti said.

Visiting Here—

Mrs. W. W. Waters of Magda, Utah, is the guest of Mrs. W. M. Englehart, Sr. She is the daughter of Mrs. Shaw who had the toll station on the old Truckee-Tahoe toll road.

SACRAMENTO, July 18— All California drivers' licenses which are marked "good until revoked", issued in 1928, will be cancelled within the next two months, according to advice from the state department of motor vehicles.

Hope Fades For Use Of Veteran Hall This Year

Budget Does Not Provide For Necessary Fixtures In Building

There is no possibility of the Veterans' Memorial Building being ready for occupancy during the coming year. This was revealed in an announcement received from the board of supervisors this week which said the proposed budget submitted by the Truckee Post of the American Legion for approximately $4,000 had been cut to $1,040.

This sum was divided as follows; lights, $120; heat $120; janitor, $600; repairs to stone wall, $100 and maintenance of building, $100.

The proposed budget had asked for sufficient furniture and other fixtures to permit the building being used. It had included chairs for the main hall, lounge furniture, kitchen equipment and similar appointments.

The building was completed last fall at a cost of approximately $25,000.

The notification to the Legion building committee, headed by James McIver, Jr., simply read:

"On motion, duly made, seconded and passed, it is ordered that $1040 be set up in the 1940-41 budget for the Veterans' Memorial Building at Truckee."

Then was listed the items included in the allocated amount.

"The above order," the notice said, "was passed by the following vote of the board: Ayes-C. S. Abrogast, F. J. Rowe, J. C. Coughlin, W. E. Odell; Noes-Alex Robertson; Absent-None."

The Legion is expected to defer action on the notification until the next meeting of the post .

IMPROVEMENTS AT THEATER PLANNED

Manager V. C. Shattuck of the Sierra Theater Circuit this week announced many tentative improvements in the Donner Theater in Truckee. He said that after August 1, the local cinema house would have all new seats of a loge design, new drapes. carpets and minor appointments.

For the past week, the new three-dimension screen has been in use at the Donner. The screen, tw feet and three inches larger in width and depth, is designed to give more acute detail to the subject.

Shattuck also stated that his new house in Downieville was nearing completion at a rapid rate and will be ready for occupancy some time in August.

All the improvements at the Donner are being made in appreciation of the loyal support of Truckee and Tahoe patrons and will entail no increase in admission rates, Shattuck declared.

LIONS DISCUSS FIFTH COLUMN AT MEETING

A programed discussion on so-called fifth column and subersive activities in the United States and suggestions on the best means of combating un-American practices, featured last night's meeting of the Truckee Lions Club. Lions clubs, like similar organizations, has as one of its principles the upholding of American ideals.

President W. M. Englehart, Jr., named committees for the year. Visitors included George Peterson of Oakland and Sam Neff, Railway Express agent at Lake Tahoe.

CHURCH SCHOOL TO OPEN MONDAY A. M.

The annual vacation church school will begin Monday morning and continue for two weeks at the Truckee Community Methodist Church. The sessions, which will be from 9 to 11:30 will be held each week day morning except Saturday. All children four years of age or over will be welcomed.

The Ladies Aid of the Community Methodist Church will meet next Thursday afternoon at the home of Mrs. R. G. McKay.

NEVADA COUNTY UP, PLACER IS DOWN, IN NEW ASSESSMENTS

NEVADA CITY, July 18— The Nevada county board of supervisors met Monday as a board of equalization to hear complaints against tax assessment valuations.

County Assessor John M. Hammill reports the assessed valuation of property in Nevada county, not including public utilities ,is $9,754,590, an increase of $515,890 over last year's total of $9,238,700.

The public utility assessment roll tentatively is set at $7,932,490, which, added to the regular county roll, gives the county an assessment valuation of $17,687,080. Last year it was $16,997,650

The total assessed valuation of property outside of Nevada City and Grass Valley is $6,644,340 and $3,495,820 inside the municipalities.

The total assesd valuation of Placer county shows a decrease of $33,350 from 1939's total.

The report of Assessor Guy Lukens places the value of taxable property at $18,947,515, compared to $18,980,865 last year. Auburn, Roseville and the mountain region around Tahoe show gains in valuations.

By districts, the fourth supervisoral district, including Colfax and part of Tahoe showed the largest gain of $109,405.

The principal decreases were noted in the agricultural and fruit areas.

FORMER LOCAL BOY IS MARRIED IN RENO

A wedding of local interest was performed in Reno Saturday when Mervin Sanders, son of Capt. and Mrs. J. H. Sanders of Sacramento, former well known local people, claimed as his bride Miss Dorothy Stowers of the capital city.

Mr. and Mrs. Robert Armstrong, close friends of the couple, were the attendants at the simple rites. Following the nuptials, the young couple visited friends and relatives here before returning to Sacramento to make their home.

Sanders is employed by the Shasta Water company in Sacramento and his bride has long been a resident of that city.

Local friends extend heartiest best wishes to the couple.

ROAD IMPROVEMENT MADE AT GATEWAY

Widening and graveling of the streets in the Gateway Park subdivision has been occupying a large crew of men and equipment during the past three weeks. R. Joseph owner of the subdivision, has been in charge of the improvements and announces that the work is nearing completion.

The project was required by the county planning board which has authority over subdivisions and when completed the tract will meet all standards of similar projects in the state.

O. E. S. HAS SOCIAL EVENING TUESDAY

Members and guest enjoyed a card party given by Truckee chapter No. 116, O. E. S., following the regular meeting on Tuesday evening.

Mrs. Cora Maxsom held the lucky number for the door prize. High scorer at contract bridge was Mrs. Otto Darlin of Lake Tahoe, low to Mrs. C. B. White. High at auction was Mrs. Lloyd Greene, low, Charles B. White. Two ladies from Norden, Mrs. Pulcifer and Mrs. Trexler, were high and low at whist respectively. D. Bowen of Norden was high at pinochle with Mrs. Charles Matson low scorer.

Refreshments were served at the close of the evening. Worthy Matron Mrs. E. C. Bavier presided at the business session.

Last Day to Register

SACRAMENTO, July 18 —(U.P.)— The secretary of state's office warned that today is the final day to register for the August 27 primary election.

Persons registered previously but who failed to vote at the primary or general elections in 1938, and also those who have changed their address must re-register in order to be eligible to vote, it was pointed out.

State Men Busy Planting Trout In This Region

Fish Twice Usual Size Of Planting Put In Local Streams

STREAMS ARE STOCKED

Allocations is Supplemented By Other Fry From Tahoe

Under the direction of M. O. Talbott, four members of California Fish and Game Patrol have been busily engaged in planting fish in the streams and lakes of this district during the past few weeks.

The trout are all from the Bear River Planting Base operated by the fish and game commission in Bear Valley near Emigrant Gap and fry from the Mt. Shasta state hatchery. They supplement the hundreds planted from the Tahoe and Tallac hatcheries at Lake Tahoe.

The fish are brought to the base in Bear Valley by special tank cars. After arriving there they are fed and acclimated for three or four days and they are taken in specially designed trucks and cans to where they are planted.

All of the fish being planted this season are approximately three inches long, nearly twice the usual planting size and the loss is small. To illustrate this fact, only one dead trout was found among the thusands planted in Donner Lake, this one having been killed by injury.

The largest single allotment this year was in Donner Lake where 100,000 Loch Leven were planted. Boca reservoir received 50,000 rainbow and the Little Truckee 75,000 rainbow.

Other plantings include Euer Valley 30,000 rainbow and eastern brook; Cold Stream, 15,000 eastern brook; Martis Creek, 10,000 eastern brook and Jupiter Creek, 10,000 eastern brook.

Prosser Creek received 60,000 rainbow; Sage Hen Creek, 20,000 eastern brook and Webber Lake, 30,000 rainbow.

Nearly half a million Loch Leven and rainbow will be planted in the Truckee River from the Tahoe hatcheries and others will be added to the streams already allocated fish, it was announced.

D. E. Kessler, president of the San Francisco Flycasting club, who has been spending several days at the club east of Truckee, said 150,000 rainbow will be raised through the efforts of the club cooperating with the Sierra Fish Planting Club and others of Truckee this season.

Assisting Talbott in the planting program are Vince Warren and Jack Richlin of Grass Valley and Andrew Weaver of Mt. Shasta, all members of the fish and game patrol.

TAHOE LUNCHEON TO HONOR CLUB OFFICER

A luncheon honoring Mrs. T. H. Richards, state president of the federated women's clubs, will be held at Forest Inn on Ward Creek, Lake Tahoe, on July 25 at 12:30 P. M. Wyethia Club members desiring reservations for the affair should contact Mrs. Laurence Zoebel or Mrs. Raitt Boren before this Saturday. Luncheon will be served on Terrace Blue.

After lunch the group will retire to the Tahoe Women's club for a meeting and talk by Mrs. Richards.

HISTORIC FIRE BELL PUT UP ON STREET

Chester Matson, member of the Truckee Volunteer Fire Department who was appointed to install the old fire bell at the station on Commercial Row, has completed the task and the bell now rests on its rustic standard where it may be viewed by all. A miniature flower garden has been planted to enhance the spot.

The old bell was used for many years here to summon volunteers to fires, many of which proved disastrous. It was once used by the old Truckee Lumber Company department.

DEBUNKING FALSE PROPHETS

The country's self-appointed reformers have been telling us that advertising raises the cost of living. Let's see. Let's take an example that everyone is familiar with.

Cast your mind back to what you knew or what your parents knew of the automobile of the first few years of this century. Then a big, heavy, unreliable gas eater could be purchased, without top, windshield, horn or spare tire, for from two to six thousand dollars. Few people bought this expensive luxury.

But automobile makers saw a vision, a nation on wheels. They advertised persistently. More people bought. As production went up, the cost to make each car came down. Part of the saving was put into improvement. Part into continued advertising. Part went to the public in lower prices. Again more people bought these better cars for less money.

And so it went, year after year. Continued advertising, production and value went up, cost and price down, until today you buy and infinitely better, more efficient car ,complete, for less than half the lowest price of a few years ago.

The same is true of the refrigerator, vacuum cleaner, washing machine ,oil burner, radio, electric light bulb; of packaged foods, clothes, and many another product that will come to your mind as you think this over. Advertising, says Nation's Business, has helped mass selling and made possible mass production, which cuts the cost and brings the price within the reach of the average family.

"CHIEFLY U. S."

Vacations are a typically American activity. No other nation makes such a point of them. In fact, if you look in the dictionary at the word you'll find a little notation after one definition which reads simply "Chiefly U. S."

Americans have built up a system where they can produce a lot of goods and services and still have time for the joys and pleasures of life. We now spend close to ten billion dollars a year just for amusement and recreation.

And we have the time as well as the opportunity to have holiday fun. In industry, for example, one out of every three working hours has become leisure time since 1890.

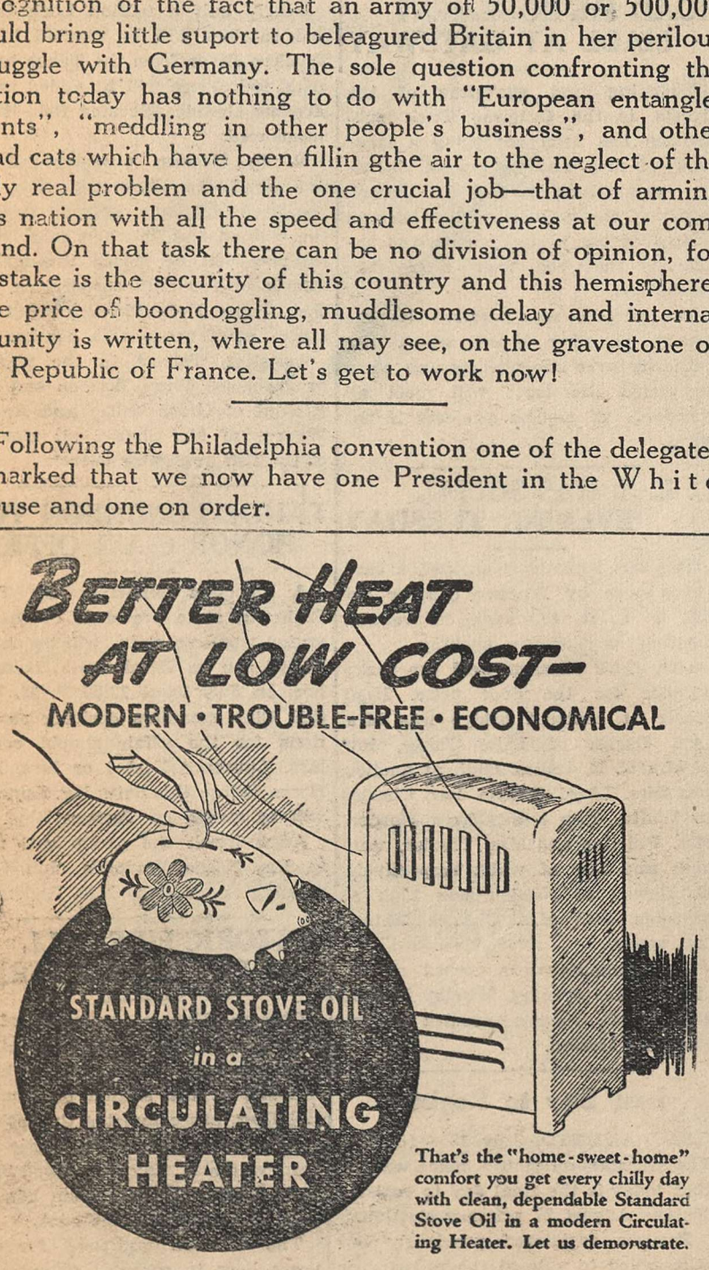
It makes an appealing picture in this, the "good old summer time"—millions of men, women and children at the beach, in the mountains, driving around in their cars exploring the country. It's something not matched in any other part of the world. And it's part of the American pattern—made possible by our business habits and abilities and based upon our traditional freedoms—a pattern we'll do well to preserve.

LET'S GET TO WORK

The declaration of President Roosevelt that "We will not send our men to take part in European wars. But we will repel aggression against the United States or Western hemisphere" shows itself to be more than astute politics. It is blunt recognition of the fact that an army of 50,000 or 500,000 could bring little suport to beleagured Britain in her perilous struggle with Germany. The sole question confronting the nation today has nothing to do with "European entanglements", "meddling in other people's business", and other dead cats which have been fillin gthe air to the neglect of the only real problem and the one crucial job—that of arming this nation with all the speed and effectiveness at our command. On that task there can be no division of opinion, for at stake is the security of this country and this hemisphere. The price of boondoggling, muddlesome delay and internal disunity is written, where all may see, on the gravestone of the Republic of France. Let's get to work now!

Following the Philadelphia convention one of the delegates remarked that we now have one President in the White House and one on order.

BETTER HEAT AT LOW COST—
MODERN • TROUBLE-FREE • ECONOMICAL



That's the "home-sweet-home" comfort you get every chilly day with clean, dependable Standard Stove Oil in a modern Circulating Heater. Let us demonstrate.

OUR WEEKLY SERMON

by REV. CLARENCE H. BENSON
(Director of Christian Education, Moody Bible Innstitute of Chicago)

TEXT: No man repented him of his wickedness, saying, What have I done . . . . .They have healed the hurt of the daughter of my people slightly, saying, Peace, peace; when there is no peace. (Jeremiah 8:6, 11).

Jeremiah was not considered much of a patriot. He was persecuted and imprisoned for his pessimistic predictions. He was called a "calamity howler" because he would not pray or prophesy for the success of the Jewish army. But Jeremiah was right and Jerusalem was wrong. The terrible things that befell Jerusalem were the just judgments of God. Though the Israelites were God's chosen people whom He had long defended and delivered, He finally gave them into the power of the heathen nations because "no man repented him of his wickedness, saying What have I done?" Search the Bible, study the pages of history, but you will find onl yone interpretation of war in its relation to God's people and that is —judgment.

As in Jeremiah's day, we have many crying, "Peace, peace" who have no conception of the underlying principles of war and pea. No wonder Jeremiah said, "They have healed the hurt of the daughter of my people slightly, saying, Peace, peace; when there is no peace." Peace is very much to be desired in time of war, but a false peace or a temporary peace will heal the hurt only slightly.

Many centuries ago a good king of Israel, threatened by the armies of powerful assailants, demonstrated the road to national peace and prosperity was in Bible schools rather than in armaents. We read that when the authorized teachers of the law "went about throughout all the cities of Judah, and taught the people," then "the fear of the Lord fell upon all the kingdoms of the land that were round about Judah, so that they made no war against Jehosaphat" (II Chron. 17:7-10).

It is quite evident that "the fear of the Lord" will neevr fall upon any nation until it gives a larger recognition to the Bible and the place where the Bible is taught—the Bible school One wonders how long the moral integrity of the United States can be maintained when seven out of ten of its children are growing up without religious instruction, and not more than two per cent of its greatest metropolis are enrolled in Sunday school.

No, the war must go on. Sooner or later there must cme the dreadful awakening to a realization that the nations will not fear or respect our boasted armaments. Only the nation whose God is the lord is to be feared, and only so far as our children have the fear of God in their hearts are we invincible.

The war must go on until we confess that man is at war with his fellow man because he is a sinner. Men are not sinners because they fight but they fight because they are sinners. There is no remedy for war until man ceases to be a sinner. There is no remedy for sin but in Jesus Christ. He alone is the Prince of Peace. Until He is enthroned in the hearts of men there can be no lasting peace.

The Man At The Keyhole

by OPERATIVE WB

Somebody ought to tell Ripley this one—that Porto Rico's two representatives at the Democratic National Convention aren't Porto Ricans at all but Californians. Their names: W. F. Greer and George Luckey, both of Brawley. And they got their credentials from Postmaster General "Jim" Farley.

Eloquent, spectacular Assemblyman Sam Yorty, who touched off a sensational display of fireworks with his legislative inquiry into subersive influences in the SRA, has set off another string of firecrackers by opening his campaign against U. S. Senator Hiram W. Johnson with a two-fisted attack on Hiram's 'isolationist' policies. Whether Senator Johnson will suffer seriously from the attack still remains to be seen, but Mr. Yorty's eloquence and showmanship shouldn't be discounted by Hiram's managers. After all, Senator McAdoo sold Sheridan Downey short in 1938—and look what happened.

Ex-Governor Friend W. Richardson, whose foresight is better than most men's hindsight, is spending his lunch hour these days razzing his cronies who "missed the boat" at the G. O. P. convention. Canny Friend W. was for Wendell Willkie "before Philadelphia."

Accidents Reduced

IN THE SUPERIOR COURT OF CALIFORNIA IN AND FOR THE COUNTY OF NEVADA

No. 4070 NOTICE OF TIME SET FOR HEARING PETITION FOR PROBATE OF WILL AND FOR SETTING ASIDE ESTATE WITHOUT ADMINISTRATION

In the matter of the Estate of J. B. MAXSOM, also known as Jess B. Maxsom, Deceased.

NOTICE IS HEREBY GIVEN that a petition for the probate of the will of J. B. Maxsom, deceased, and for the issuance to Cora E. Maxsom of letters testamentary has been filed in this court, and that Friday, the 2nd day of August, 1940, at ten o'clock A. M. of said day, at the Court Room of said Court, at the Court House in the City of Nevada, County of Nevada, State of California, has been set for the hearing of said petition, at which time and place all persons interested in said estate are notified to appear and contest the same, if they choose. A prayer for setting aside the estate to the widow of the desceased is included in said petition.

Know Your AMERICA

(Ed. Note: This is one of a series of short articles taken from data compiled for scenes of "America! Cavalcade of a Nation", theme spectacle of the 1940 California World's Fair.)

Between the colonies of New England and of the south wa a group of colonies occupying that part of the Atlantic seaboard that is New York, Pennsylvania, Delaware and New Jersey. This group was of a more varied type than the northern and southern groups. Here a population mostly German, Dutch, Welsh and Scotch-Irish centered their government in both the town and the county. By the middle of the eighteennth century New York and Philadelphia ha dbecome greater ports of commerce than Boston. Freedom of worship included the Anglicans, the Quakers, the Presbyterians, the Reformed Dutch, the Jews and the Irish Roman Catholics. Their chief article of export was wheat but as the colonial period advanced, however, iron, glass and pottery ware became important exports along with such natural products as cereals, furs, lumber and livestock.

Community Center Retains Directors For Coming Year

Board to Meet Soon To Select Trustees, Officers

TAHOE CITY, July 18— A business meeting of Tahoe Community Center was held at Community Hall on Monday night with Henry F. Droste presiding. The minutes of the previous meeting were read by Secretary E. W. Bliss and a finacial report was rendered by Treasurer C. W. Vernon. A vote of thanks was accorded to Mrs. E. L. Oliver, Sr., for a gift of several new pieces of furniture to the hall.

Members voted to retain the same board of directors for the coming year. They are Mrs. W. A. Simmonds, Mrs. A. M. Henry, Mrs. Joe Duffee, Mrs. E. W. Bliss and Norman Mayfield, C. A. Bechdolt, Sr., Weller Atherton, A. M. Anderson, C. O. Valentine, C. W. Vernon and H. F. Droste. The directors will meet at a date in the near future and elect a board of trustees and officers.

Droste addressed the assembly on various constructive ideas and methods suggested to facilitate paying off the remaining indebtedness of $1160 on the building. A membership and donation drive is now under way and many gifts are coming in daily to assist in the good work.

The organization hopes to be able to pay off the building fund debt as soon as possible so that funds accumulating may be used for enlarging and improving the building and developing Tahoe Commons with a view to establishing a fine public beach, bath houses, barbecue pits and other features.

FISHING STILL GOOD IN TAHOE - SIERRA

TAHOE CITY, July 18— Fishing is still good in all the mountain lakes and streams nearby. Limits were taken over the week-end by the following fishermen: Mr. and Mrs. Fred Conger of Oakland in Rubicon river of fine rainbow, each well over two pounds; Maj. Jack Malcolm, a nine-pound mackinaw from Lake Tahoe; Warren Sanford, Jr., a limit of mackinaw from the pier off Tahoe Park; a limit of eastern brook from Star Lake on Freel's Peak by M. Schumann of Modesto and ilmits of German brown from Ward Creek by Jack Starratt and many others.

South End Man Gets 90-Day Sentence in Traffic Violation

TAHOE CITY, July 18— Alvin Allie, former jockey employed at a south end club was sentenced to 90 days in the Placer county jail at Auburn in Justice E. W. Bliss' court on Monday. Allie, allegedly driving without a license, lost control of the car he was driving on the Truckee-Tahoe highway last week-end, causing serious injuries to one of his passengers, a man who is still in the Nevada county hospital.

Native Wild Flowers Are Shown at Lake for Charity

TAHOE CITIY, July 18The annual exhibition of native wild flowers was given at the H. R. Ebright home near Camp Richardson on Saturday, Throngs of sumemr residents viewed the arrangements at the affair which is given as a benefit for charitable organizations.

Lovely mountain mahogany from Hope Valley blended with masses of pyrola, rein orchis, Alpine and St. Joseph lilies, sulpher plant, lupin, columbine, brodeia and endless varieties of mountain wild flowers brightened the rooms. Hemlock, juniper and evergreens, too, were used profusely.

A substantial sum was realized by the hostess and committee.

Women's Club Holds Card Party at Community Hall

TAHOE CITY, July 18— The Tahoe women's club entertained at a pleasant bridge party at the Community Center hall on Thursday last, with the following ladies as members of the hostess committee: Mrs. Willis Hevel, president, Mrs. Henry Worden, Mrs. Evelyn Bliss, Mrs. C. O. Valentine, Mrs. Weller Atherton, Mrs. Floyd Carnell, Mrs. Sam Goss and Mrs. William Mathen.

Seevral tables of contract and auction were in play. At auction prizes were won by Mrs. Henry Worden, Mrs. Charles Heller of Meeks Bay and Mrs. William Wathen of Emerald Bay. Mrs. F. A. Kilner of Homewood entertained a table of friends for contract at the party and several tables of Truckee ladies attended. Summer colony residents present included Mrs. C. F. Prentiss, Mrs. J. L. DeBenedetti and Miss Regina Cuneo.

Hurt in Accident

LAKE TAHOE, July 18— Three Sacramento youths weer injured, one seriously, when their car skidded out of control while attempting to pass anther machine and overturned. D. E. Fisher suffered rib injuries. Minor hurts fere suffered by E. F. Jessup and William Lavagnino.

Tahoe Boy Hero In Saving Train From Disaster

Larry Darlin Flags Engine After Finding Weak Trestle

TAHOE CITY, July 18— Larry Darlin, ten-year-old son of Mr. and Mrs. Otto Darlin of Tahoe City, proved himself a quick-witted, brave boy recently when he discovered the underpinnings of a railway trestle had been washed out and saved the train and crew from being plunged into the lake by flagging the train.

A washout occured after a high wind had raised the lake level on the western shore temporarily, causing high breakers to come dashing in against the trestle. The structure is not on the main line of the railroad but is on a branch line to Tahoe City where carloads of freight are unloaded.

The lad was playing along the lakeshore when he discovered the washout and immediately went home and improvised a sign stating "Dangerous to Trainmen" which he posted on the track. Waking next morning when he heard a train whistle blow, Larry dashed out of bed, ran down the tracks nearby and flagged the train, Train crew and investigators admitted that undoubtedly the train would have gone in the lake, as the trestle was suspended in air and the tracks would have spread. The train was heavily loaded with freight.

Larry is a gright boy for his age. He has received much attention since the event from both railroaders and other appreciative acults. Conductor George Fisher and his crew can consider themselves very lucky in being saved from a grave accident by the sharp-eyed boy.

Young Darlin has been invited to attend a Rotary club meeting in Truckee recently with his father, in appreciation of his action and on being asked why he made the sign and stoppe dthe train said: "Because I didn't want the train to go in the lake and the trainmen to get hurt."

Railroad inspectors found the next day that it was necessary to dump twenty carloads of dirt and gravel into the place where the washout had occurred.

Mr. and Mrs. George Petersen of Alameda are guests at the home of Mr. and Mrs. A. M. Henry.

Diane Yeakel, grand-daughter of the Floyd Yeakels of Lake Forest who often visits the lake with her parents, won the Better Babies contest of the City of Oakland recently.

A dance at Tahoe Community hall on Saturday, July 20th, is to be given by the Young family group. Charles Henriksen of Lake Forest is a member of the group.

The level of Lake Tahoe on Monday was 6228.12 feet with five gates open at the Truckee River Dam and 358 second feet of water leaving the lake. Temperatures Sunday varied from 77 to 53 degrees, the warmest night temeprature this season.

TAHOE NEWS

Color Movies Being Taken To Boost Tahoe Region

TAHOE CITY, July 18— A committee of members of the Lake Tahoe-Sierra association directed by R. H. Strosnider, is filming a thousand feet of colored moving pictures of all-year activities in the Lake Tahoe region. Included are swimming, boating, golfing, riding and boat racing. Winter sports will be added later to the film which will shown to service clubs, schools and meetings to advertise the Tahoe-Sierra natural wonderland.

Dr. Lawrence Honored by London Scientific Society

Dr. Ernest Orlando Lawrence, noted University of California scientist and a recent visitor to Lake Tahoe, has received fresh honors for his work in the field of physics. He has been awarded the William du Bois Duddell memorial medal, given periodically by the Physical Society of London "to those who have advanced knwledge by the invention or design of scientific instruments or of the materials or methods used in their construction."

It is the seven time the medal has been awarded since its inception in 1920. It is customary for the one receiving the award to go to London to be decorated but international affairs will nt permit it in the case of Dr. Lawrence. Instead Lord Lothian, British ambassador to the United States, will make the award in a special ceremony in Washington, D. C.

Dr. Lawrence is also the 1939 winner of the $40,000 Nobel Prize in the field of Physics.

WORK PROGRESSING ON U. S. HIGHWAY 50

Work is progressing rapidly on U.S. 50 just west of Phillips, according to the National Automobile club. To date the work has consisted of widening the present somewhat winding road. They are digging out trees, cutting down curves and banks, but with all, traffic is progressing with a minimum of delay and inconvenience.

In the event of summer showers, short stretches of the road might be slippery and without rains, the road is likel yto dusty but only for short distances.

Surfacing of the highway on the east side of the summit, which was completed last fall, is well under way and traffic continues to be routed over the old narrow and winding Meyers Grade.

Both pieces of construction are scheduled to be completed about the middle of August.

Ski Club Barn Dance

TAHOE CITY, July 18— The Lake Tahoe Ski Club barn dance will be held at the Community Center on Saturday, July 27, with an orchestra from Auburn furnishing the music according to present plans. A committee consisting of Mrs. A. Hotle, Misses Helen Towne and Ann Milton and Bud and Gene Walker are planning a real old fashioned barn dance program with square dances and Virginia reels and lots of country atmosphere thrown in.

Chick Welch, accompanied by his aunt, Mrs. C. E. Lawrence and Miss Bertha Cavana, called on old Lake Tahoe friends last week.

Reports are being circulated here tothis week of the marriage of Walter Mandeville, Tahoe Ski Club ace, to Miss June Winston. The community extends best wishes to the couple.

Fire Chief A. M. Henry hopes to have fire chiefs from nearby localities present at the next fire department meeting.

Many local people attended the rodeo at Glenbrook last Sunday in which Miss Hatherly Bliss, daughter of Will Bliss, distinquished herself by winning several events. About 300 spectators viewed the competitions.

Man Sentenced to 35 Days In Tahoe Car Theft Case

Charles Martin of Tahoe was sentenced to serve 35 days in the Placer county jail by Superior Judge J. B. Landis last week on a charge of stealin ga car from Tom Dougherty.

Martin, who originally pleaded not guilty to the charge, changed his plea to guilty.

As he had already been in jail for 35 days, Judge Landis allowed him credit for time served and released the prisoner.

140,000 Trout Planted From Tahoe Hatcheries

SAN FRANCISCO, July 18— During the week ending July 6 the California state division of fish and game planted a total of 1,882,396 game fish in the streams of the state. Plantings were made from 21 state hatcheries including the Tallac and Tahoe City hatcheries at Lake Tahoe and the Bear River Base at Emigrant Gap.

At Tallac 68,000 rainbow were released; at Tahoe City, 72,000 eastern brook and Emigrant Gap, 60,000 eastern brook and 61,800 rainbow.

It is reported here that the lovely home of Mr. and Mrs. Norman Biltz of Reno, overloking the lake at Crystal Bay on the north end of the lake, has been sold to Mr. and Mrs. Robert Z. Hawkins, also or Reno.

Highways around th elake are in excellent condition and thousands of tourists spent the week-end at the lake.

Victor DeVincenzi, owner of the Oakland Oaks baseball team, is a guest at the home of Mr. an dMrs. Clint Evans near Carnelian Bay.

Mr. and Mrs. H. C. Willis of Monterey, fomerly of Tahoe City, were calling on Tahoe friends Sunday.

Miss Helen Towne entertained at a barbecue for twenty guests at her Sunnyside home last week.

The moonlight ride to Antone Meadows, scheduled by Gene Walker for tonight, has been changed to Saturday night.

At Wagner's Auto Camp this week is Mr. and Mrs. John Blaisdell. He is "Yodeling Johnny", KFBK radio performer. Johnny is recovering from a tonsilitis operation.

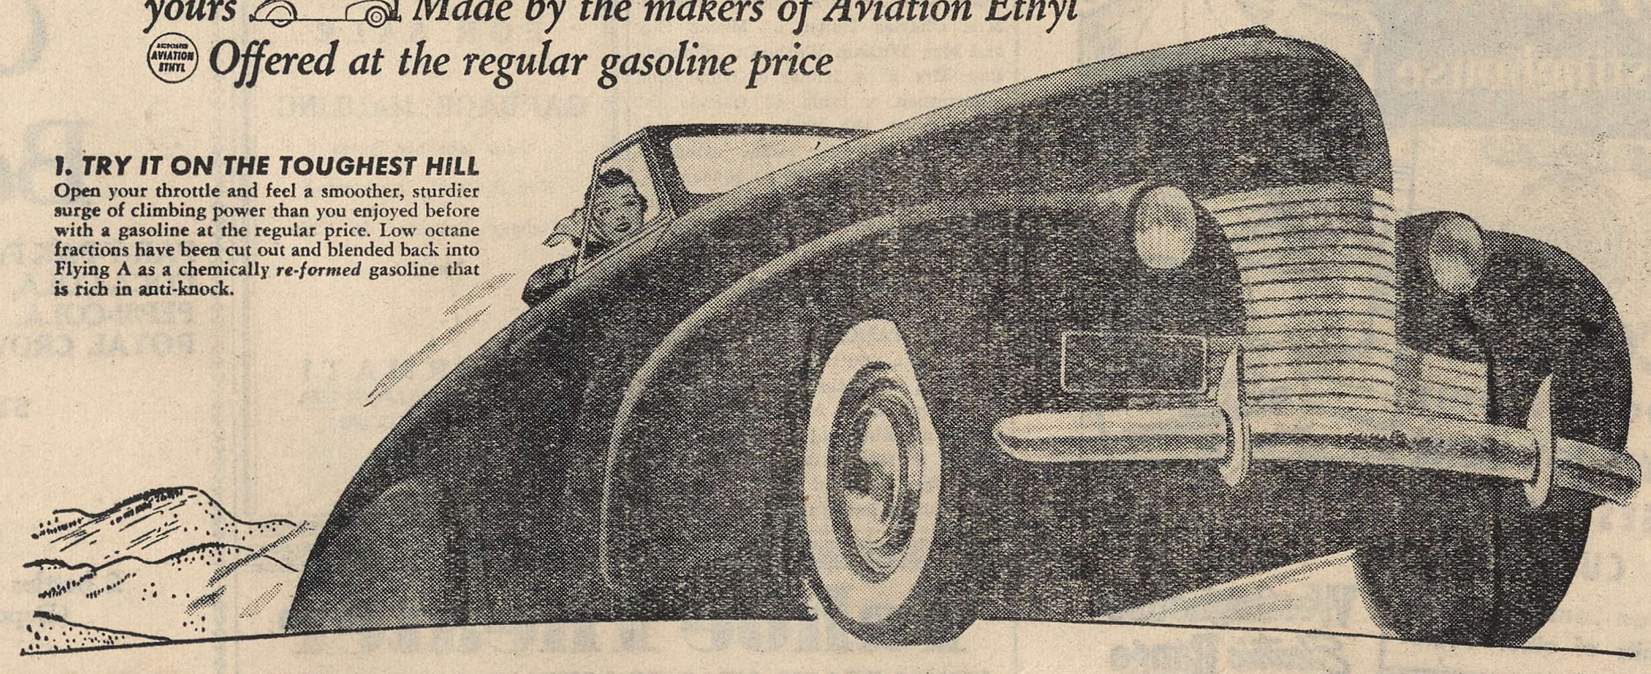
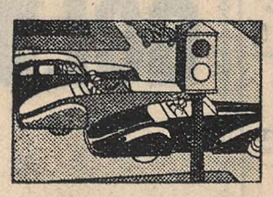
NOW A FINER FLYING A GASOLINE
BLENDED FOR SMOOTHNESS AT EVERY SPEED

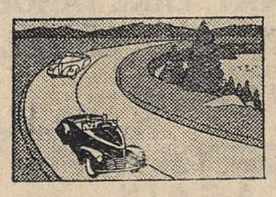
Made an entirely new way — *A scientific blend of *7 different gasolines* — *Proved in a car just like yours* — *Made by the makers of Aviation Ethyl* — *Offered at the regular gasoline price*

1. TRY IT ON THE TOUGHEST HILL
Open your throttle and feel a smoother, sturdier surge of climbing power than you enjoyed before with a gasoline at the regular price. Low octane fractions have been cut out and blended back into Flying A as a chemically *re-formed* gasoline that is rich in anti-knock.

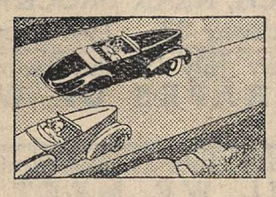




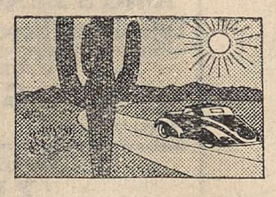
2. THEN TRY IT IN TRAFFIC and expect a smoother, more responsive power. The finer Flying A blend now contains *polymerized, cracked* and *re-formed* gasolines that inhibit knock at traffic speeds.



3. TEST IT ON THE ROAD and purr along with this finer, blended fuel. The addition of *alkylated* and *straight-run* gasolines to Flying A assures you of new smoothness at highway speeds.



4. TRY PASSING A CAR just like yours, and thrill to a superior get-away. Flying A contains a *natural* gasoline of lightning volatility, smoothly counter-balanced by high octane *polymerized* gasoline.



5. PICK A VERY HOT DAY and discover that Flying A is stabilized by a brand new *solvent-refined* gasoline, the high anti-knock quality of which is unaffected by heat, smooth at high temperatures.

FINER THAN ANY ONE of these 7 great gasolines is this scientific blend. Although it has been tested on the road and proved *as advertised* in all recent models of all popular make automobiles, we invite you to make your own tests of the new Flying A. It's smooth not just at 40, not just at 20—*but at every speed on your dial.* You are to be the judge!

Look for finer blended Flying A wherever you drive in the West. Try a tankful today—for *smoothness at every speed!*

TIDE WATER ASSOCIATED OIL COMPANY

***7 GASOLINES IN ONE**
The following are the principal gasolines blended to create the new, finer Flying A. These fuels, in combination with still other choice petroleum fractions, give you *full power, full mileage* and *smoothness at every speed.*

1 POLYMERIZED GASOLINE
2 ALKYLATED GASOLINE
3 RE-FORMED GASOLINE
4 SOLVENT-REFINED GASOLINE
5 CRACKED GASOLINE
6 NATURAL GASOLINE
7 STRAIGHT-RUN GASOLINE

SMOOTH AT EVERY SPEED

COUNTY GETS $89.83 FROM FILING FEES FOR PRIMARY TEST

SACRAMENTO, July 18 —(U.P.)— Secretary of State Paul Peek last week apportioned to the counties $29,500 in filing fees from 509 candidates seeking nomination at the primary election August 27.

The fees, received from candidates for U. S. Senator, Congress, State Senate and Assembly, were distributed to the counties July 15.

Los Angeles county with $13,908.23 filed the largest amount; San Francisco with $2,028.27 was second; and Alameda, $1,668.28, was third.

In Nevada county the filings were: U. S. Senator, $48.28; Congress, $22.22; State Senate, $13.33; Assembly, $6; Total, $89.83.

The State Chamber of Commerce proposes to have 1941 proclaimed "California National Parks Year."

Willkie Being "Deliberately Lazy"

COLORADO SPRINGS, Colo.—Here's Wendell Willkie, G. O. P. presidential nominee, keeping his promise of being "deliberately lazy" during a three week vacation in Colorado preparatory to the start of campaigning. He's shown relaxing with a book on the Colorado Springs estate of Gov. Ralph Carr.

FOREST SERVICE SAYS "READ THE SIGNS" IN TAHOE NAT'L FOREST

"Read the Signs", is the advice of Tahoe National Forest officers. District Ranger Beardsley of Forest Hill states that just recently he had to arrest a native of Forest Hill for smoking a cigarette in a car in an area closed to smoking. He had just past a large sign warning motorists against smoking. Forest Supervisor Guerdon Ellis advises forest users to read the yellow and black signs erected for their information since they usually contain information that will be useful to the user or may keep them out of trouble.

Treatment

WASHINGTON— Senator Burton K. Wheeler, D., Mont., treats a "game" leg under a lamp in his office for effects of too much golf with his son Edward.

THURMAN IS ONLY NEWSPAPERMAN IN LEGISLATIVE BODY

Assemblyman Allen G. Thurman, who represents the sixth district, including Nevada county, is the only newspaperman in the lower house of the state legislature. He is now seeking re-election at the coming August primaries. Thurman has been engaged in newspaper work for the past 32 years, twenty of which he has published the Colfax Record in Placer county. He is familiarly known by the newspaper nickname of "Scoop."

Attorneys lead in the make-up of the membership of the state assembly there being 30 attorneys in the lower house according to the California Legislative Handbook. Nearly forty per cent of the total membership in the lower house are lawyers.

Next in membership are farmers and fruit growers, there being fourteen agriculturists in the assembly.

Approximately twenty other professional and business occupations are listed in the membership, including one undertaker, one preacher, a druggist, a chamber of commerce secretary, several real estate and insurance men and a few engineers.

Strength in All Rumors

There is truth under some rumors. That is what lends strength to all rumors.

REGULAR ARMY STILL SEEKING RECRUITS IN NINTH CORPS AREA

Lieut. Herbert B. Fowler, who is now in charge of the Marysiville recruiting station, announces that vacancies now exist in the vairous branches of the Regular Army.

New organizations are now being formed, which will afford unusual opportunities to qualified applicants. Anyone joining these organizations will find the chances for advancement numerous, and as a rule these organizations are very interesting to young men who have a desire to enlist.

There are also vacancies within the Ninth Corps Area in the Infantry, Air Corps, Artillery, Medical corps and Quartermaster corps.

In order to qualify, each applicant must have the following qualifications: unmarried male citizen of the United States between the ages of 18 and 35, of good character, without dependents and in good physical condition.

Aircraft Payroll Soars

Intense activity in the aircraft industry has pushed California employment and payroll figures to record highs. Aircraft employment and payrolls for May showed increases of 110.1 and 101.4 per cent respectively over the same period in 1939.

Treasure Island Garden

San Francisco's Treasure Island houses a complete nuresry as well as an exposition. More than 100,000 potted plants and bedding plants have been grown from cutting and seeds started in a small green-house near the San Joaquin Counties building.

SAFETY FIRST

Almost anyone can install electrical wiring and electrical appartus so that they will work after a fashion. But to install them so that the greatest degree of safety will be assured, that their mechanical perfection will be realized and that the instllaton will be forever free form constant tinkering is another matter.

And that brings up the matter of doing electrical work in a "maybe-or-may-be-not" fashion by yourself or having it done by an expert electrician. Each year the National Board of Fire Underwriters add up thou sands and thousands of dollars, needlessly destroyed by fire through well meaning but incompetent workmanship of amatuer electricians. Is your home, your most valued possession, worth gambling against the few dollars charged by the master electrcian or the chances of fire through amatuerish workmanship?

CALIFORNIA HAS NEW EGG LAW

The law takes effect July 1st. Under it, first grade eggs are marked Grade AA. Second grade eggs are marked Grade A and third grade eggs are marked Grade B. The eggs must also be marked Large, Medium or Small to tell their size. Grade AA eggs must have thick whites and firm yokes and be in the bloom of youth when sold to the consumer. Grade A eggs are good eggs but have lost the bloom of youth. Grade B is the lowest grade a dealer can retail. Eggs from hens out of condition or eggs left in a hot chicken house all day or under hens that want to set won't pass the test for Grade AA. So the egg farmer that produces Grade AA eggs must gather his eggs about 3 times a day, keep his broody hens shut up and deliver his eggs to the dealer while still in the bloom of youth and the dealer must get the eggs into the hands of the consumer before they have lost that bloom of youth. With a state egg inspector also a county egg inspector to watch the egg producers and dealers, a person, buying Grade AA should get fine eggs, well worth the small premium paid for them. —Adv.

I am now associated with my brother, Dr. A. A. Cozzalio at 405 Medico-Dental Bldg. in Reno, Phone Reno 8281. I will be pleased to see my patients there.
